

DTI WASHERS

Visual Verification of Bolt Tension®: Ensures proper preload in structural bolted connections

Improved Installation Accuracy: Reduces rework & inspection time

No Feeler Gauge Required: Inspection on your schedule

What We Offer

We supply **Squirter® DTI** washers from **Applied Bolting Technology** with **DuraSquirt® Formula** designed for structural steel connections & critical bolting applications. Common offerings include:

ASTM F959 DTIs: Available for use with plain, weathering steel, or galvanized A325 & A490 structural bolts

Matched Assemblies: DTIs supplied with compatible bolts, nuts, & washers for complete systems

Support: Guidance on verification & installation best practices

Why Portland Bolt

Complete Fastener Packages: Supply bolts, nuts, washers, & DTIs together for compatibility

Quality Assurance: Certified products meeting ASTM & project specifications

Fast Delivery: Stock & sourcing capabilities to meet tight construction schedules
